

Happy Easter!

*"Therefore we were buried with him into death by baptism, so that, just as Christ was raised from the dead by the glory of the Father, we also might live newness of life"
(Rm 6:4).*

Dear Sisters,
Dear Members of the Spiritual Family,
Dear collaborators and friends,

Christ is risen! Alleluia !

Easter is here, Christ is risen! This paschal mystery invites us to pass from death to ourselves to a new life full of joy and glory. Because we accept to die with Him, we rise with Him. This Easter joy is already shining in our lives as baptized people. It is peace, wholeness and the source of our hope.

In this way, the Jubilee Year places us in this movement of hope and enables us to bear witness to the love of the Risen Christ.

Like Saint Marie Rivier, let us always keep the Risen Jesus before our eyes, so that the hope of Easter may grow and mature in our hearts.

On this feast of Easter, may the Risen Christ help us to clothe ourselves in the new self and be radiant with his glory. Let us continue to be bearers of hope for all those around us.

I wish you a happy Easter!

Our Savior is alive. Alleluia!
